QA Company

State	County / jurisdiction	City	Property type
Illinois	**QA County**	**QA City**	**Single-family residence**

Sale price	Debt payoffs
$200,000.00	**$0.00**

Selling costs	Estimated net
$21,768.84	**$28,231.16**

01 · Mortgage and debt payoffs

Total debt payoffs	**$0.00**

02 · Seller costs, commissions and taxes

Listing agent commission (3%)	$6,000.00
Buyer agent commission paid by seller (3%)	$6,000.00
Buyer percentage concession (3%)	$6,000.00
Title, settlement and documents	$550.00
Administrative fees	$250.00
Prorated property taxes	$2,918.84
Base transfer tax: seller share	$50.00
Total selling costs	**$21,768.84**

Zero-dollar line items are omitted. Commissions and concessions are negotiated.

Verification required: Local taxes, exemptions, and final charges must be confirmed for the jurisdiction and contract. Do not duplicate commission payments within concessions.

03 · Scenario comparison

Sale price	Selling costs	Seller net
$200,000.00	$21,768.84	$28,231.16

04 · Legal basis and official sources

Illinois transfer tax — Official source

County selection does not mean local taxes have been verified.

Illinois taxable basis

Total consideration: price plus excluded assumed debt	$200,000.00
User-declared qualifying retained mortgage	$150,000.00
Retained debt included in price: cash not received	$150,000.00
Cash proceeds before payoffs and costs	$50,000.00
Declared state tax basis	$50,000.00

The reduction requires the mortgage to remain on the property and be stated on the deed. Confirm against PTAX-203 and the title company. Retained debt is allocated first to additional assumed debt; the remainder is excluded from cash proceeds. Payoffs are entered separately.

How net proceeds are calculated

Estimated net = sale price minus retained debt included in that price, minus debt payoffs and selling costs. This is not a capital gains tax calculation.

Informational estimate, not a Closing Disclosure or ALTA Settlement Statement. Actual payoffs, prorations, taxes, exemptions, fees, and contractual cost allocation must be confirmed by the title company. Net proceeds are not taxable capital gains.
